(Danish, Partex Star Group, CX-2)

12 September 2019

Dr. Shamima K Choudhury  
Professor (Retd)  
Department of Physics,  
University of Dhaka

Dear Madam,

The National Young Academy of Bangladesh (NYAB) hereby expresses its heartiest condolence on behalf of its membership at the sad and sudden demise of Professor Dr. Naiyyum Choudhury, Chairman, Bangladesh Atomic Energy Regulatory Authority (BAERA) and Vice-President, Bangladesh Academy of Sciences (BAS). Inna lillahe wa inna ilaihe rajeun (surely we belong to Allah and to Him shall we return).

He was a respected academician with versatile leadership qualities and excellent science diplomacy skills. We shall always fondly remember his gracious presence as Chief Guest at the Launch of NYAB only a few months ago. Surely the nation has lost one of her leaders of science policy. We mourn his death and offer you, his immediate family and his near ones our commiserations. We have no words to console you at this moment, but we pray that the departed soul may rest in peace and that you all are granted comely patience.

Sorrowfully,

Mohammed Abdul Basith  
President, National Young Academy of Bangladesh  
and  
Professor, Department of Physics, BUET
